

ABA TRAINING PROGRAM

Do you wonder why a student is behaving differently ?

Do you wonder why a student is disrupting the class?

Would you like to know how to change the behaviour of others?

We, at the Gold Learning and Research Centre are happy to be giving our esteemed Applied Behaviour Analysis Training Program to the staff of REACH School / Riverside School Board.

This course is delivered by experts in the field of developmental disabilities and a Board Certified Behavioural Analyst (BCBA).

It will enable you to acquire knowledge and skills that will help you understand and manage the behaviours of your students.

OBJECTIVES

- Describe Applied Behaviour Analyst (ABA), Autism Spectrum Disorders (ASD) and Early Intensive Behavioural Intervention (IIBI)
- Implement both structured and naturalistic teaching methodologies used in ABA programs (i.e., DTT, NET, shaping, chaining, prompting)
- Generalize skills using a variety of techniques
- Identify and describe the ABCs of learning
- Understand the functions of behaviours
- Identify some strategies for managing problem behavior
- Help to promote appropriate behaviours

What you can expect

- * Weekly PowerPoint presentations
- * Small and large group work / discussions
- * Practical exercises using real life scenarios
- * Role playing
- * Weekly quizzes
- * Final exam
- * And more!

Wednesdays: Jan. 24 to April 4, 2018 (except March 7th) from 6 to 9 PM, at 276 Queen, St. Lambert, QC
